PAIEŠKA

BENDRA INFORMACIJA

Pagrindinės įvykdytos veiklos:

I. Parengtas metodinis leidinys 2011 gruodžio 01

Parengtas metodinis leidinys, skirtas pradinėms klasių mokytojams, kurie dirbs su gabiais vaikais. Priemone galės naudotis pradinėms klasių mokytojais. Metodas skirtas pradinėms klasių vaikų mokėjimui, įgūdžių ir gebėjimų ugdymui, kuris bus naudojamas formalaus ugdymo metu.

Leidinį sudaro keturios dalys:

- Bendroji dalis (autorė D. Karkockienė)* skirta psichologiniams ir socialiniams gabių vaikų ypatumams aptarti. Joje aptariama gabaus vaiko sąvoka ir samprata, gabumų ir talentingumo modeliai, gabumų fenomenas, gabųjų identifikacija, asmenybiniai, kognityviniai ir socialiniai gabių vaikų ypatumai. Praktiniu požiūriu mokytojams itin svarbūs yra konkrečiai aptariami asmenybiniai, kognityviniai ir socialiniai gabių vaikų ypatumai. Pateikiama informacija padės mokytojams geriau suprasti ir pažinti gabius vaikus, suvokiant galimus individualius gabųjų skirtumus ir atsižvelgti į tai, kaip geriau pasirinkti tinkamus mokymo ir ugdymo metodus. Rašoma apie gabių vaikų patiriamus sunkumus ir rizikos veiksnius, pateikiama vertingos informacijos, kuri leis mokytojams tikslingiau padėti spręsti iškilančias problemas ar kreiptis į specialistus. Pristatomos trys pagrindinės gabių vaikų mokymo strategijos – *diferencijavimas, spartinimas, praturtinimas.*
- Lietuvių kalbos dalis (autorė Inga Bertašienė).* Šioje dalyje pateikiama informacija apie gabių vaikų atpažinimo ir ugdymo lietuvių kalbos pamokų metu suskirstyta į dvi pagrindines dalis – teorinę ir praktinę. Teorinėje dalyje aptariamos pagrindinės gabių vaikų atpažinimo, mokymo ir gebėjimų ugdymo prielaidos bei sąlygos lietuvių kalbos

Resources for Educators

> Home > Information and Resources

The most effective educators recognize the truth in Sir Francis Bacon's oft-quoted statement, "*Knowledge is power.*" However, students aren't the only ones who need to confront and construct knowledge on a regular basis, teachers must continue to learn and grow in their knowledge and expertise as well. That's why NAGC has collected and organized the resources and tools you need - just a mouse click away.

The Big Picture

If you're new to the field of gifted education or just want to review the basics then this is the place to start.

Hot Topics

Keeping your finger on the pulse of best practices in the field of gifted education or current events that are driving instruction across the country isn't always easy. Let us help by pulling together ideas and resources all in one convenient location. Our current hot topics include:

Below the header is a photograph of two students in school uniforms conducting a science experiment with green liquid. To the right of the photo is a vertical navigation menu with the following items: Home, Courses, Resources, Easy walkthroughs, Identification, In the classroom, Across the school, Parents, Students, and Education news. Below the photo is a section titled 'Helping teachers challenge learners' with the subtitle 'New and improved Teacher Tools'. The text below this section states: 'Teacher Tools now offers even more to explore. Whether you are a co-ordinator, a teacher or a parent, you'll find a range of resources and advice on all aspects of gifted and talented education.' This is followed by a bulleted list of resources: Courses for autumn and spring term CPD, Resources for links, lesson plans, activities and e-resources, Easy walkthroughs for learning the essentials or training colleagues, Identification, in the classroom and across the school for delving deeper, and Education news for keeping up to date with the latest information. At the bottom of this section are three colored buttons: 'Get trained on our courses' (dark blue), 'Explore our resources' (purple), and 'Read the latest education news' (green). Below these buttons is a search bar with the text 'Search » downloads and resources'. At the very bottom of the screenshot, there is a small copyright notice: '© London Gifted & Talented 2009'.

20 Interactive Whiteboard Resources for Teachers

Posted on Jul 19, 2009 in Activity Ideas, Interactive Whiteboards, Resources, Useful Links | 7 comments

Interactive whiteboards are a great way for teachers to engage classrooms in learning. These tools are also cost effective. The Internet has tons of free sources to help teachers learn about and use IWBs with students. Here is a list of 20 interactive whiteboard resources and activities guaranteed to stimulate learning:

General Resources

TeacherLED - TeacherLED is a site dedicated to making the use of Interactive Whiteboards (IWB) easier and more productive. This comprehensive site features resources to use with IWBs in math, English, and geometry.

SMART - This SMART Board interactive whiteboard site provides several lesson plans and activities for teachers to use in the classroom. SMART lessons are available for a variety of ages and subjects.

Topmarks - With some of the best free educational materials for IWBs, Topmarks is a great resource for finding IWB lesson plans and activities. This educational site also features teacher resources, educational sites for classroom, and homework help.

Interactive Whiteboard in the Classroom - This site for whiteboard users features tutorials, interactive websites, and software.

Eduscapes - This guide to interactive whiteboards explains different activities and resources that can be used with IWBs. Eduscapes is a good starting place for teachers who are just beginning to use this technology in the classroom.

Games and Activities

Addition and Subtraction

Spinners
A versatile way of generating random numbers which is excellent for use right through the primary school. Spin the numbers and choose the required calculation. Great for starter and plenary sessions. It also provides the answers to the calculations.

Triangular Cards
A clever resource which is great for demonstrating inverse operations. Click on the words to see the sums. Useful for mental maths starters or plenaries.

Supertimer
Set your own time and music on this great countdown timer which is ideal for any activities which are time limited.

Countdown Clock
A thirty-second Countdown clock complete with music from the television programme for use on an interactive whiteboard. Great for providing a time limit for mental maths activities.

Addition of 2 and 3 Digit Numbers
A useful teacher demonstration tool for demonstrating how units or tens are regrouped in addition sums with carrying.

Expanded Addition
A teaching tool which demonstrates expanded addition of large numbers including decimals.

Farm Animals - Suggested Lesson Plan

This lesson should take about 4 or 5 academic hours to teach and practice. One academic hour is 40 minutes. However, if you have a class of very smart kids, this should take less time.

Goal: Teach students how to express preference by using vocabulary related to farm animals.

Vocabulary : *dog, cat, sheep, cow, horse etc.*

PRESENTATION STAGE

Video/Powerpoint: Use the powerpoint or t video tutorial to present the language of the lesson. If you do not have a computer or video playing equipment, another option will be to use the flashcards to present the new language.

COMPUTER-ASSISTED PRACTICE

Games: Let kids play the interactive games of this unit or play with them in class. Provide guidance where necessary.

PRACTICE STAGE

Flashcard Game - slap and say: Cut out the small-sized flashcards and bring to class. Get the kids to sit in a circle. This is usually possible when you have a small group. Show them the cards and say the words. Then put the cards on the floor or table and when you say a word, the kids slam the card. This game helps with listening and speaking.

Sound Game: Use the farm animal sound game powerpoint to practice vocabulary.

Flashcard Game – Flyswatting with big cards: Stick flashcards to the wall around the classroom. Say a word and kids run and slam the card, then repeat what you said to gain a point for their team. This game helps with listening and speaking.

Worksheets: Use the worksheets to give practice in reading, writing and reinforcing of vocabulary. Give guidance and support to students as they probably won't know what the instructions say.

PRODUCTION/OUTPUT STAGE

Short Dialogue Role Play : Show the video slide with the volume turned off. Students tell you what they see on screen. Also do a little quiz with students on all the vocabulary learnt.

Žingeidūs ir daug žinantys, mėstantys ir dar daugiau galintys, pastabūs ir nuolatos tiriantys, kūrybiški ir siekiantys už horizonto, besimokantys ir mėstantys apie savo mokymąsi - tokie yra gabūs mokiniai, tokiais jiems siekiame padėti tapti.

Dėkoju už dėmesį!
